TO TEACH LIBRARY METHODS

A Number of Inquiries Already Concerning Summer Courses.

H. O. Severance, librarian, has received many letters of inquiry concerning the Summer School of Library Methods which will be opened here next summer. This is the first time these courses have been offered as a separate department at the University. Courses found in regular library schools will be offered, and students may enter as they would a division, as law or medicine.

Among the teachers will be: Mrs. Harriet P. Sawyer, of the St. Louis Public Library; Miss Effie Power, supervisor of the children's work in the St. Louis Public Library; Miss Elizabeth B. Wales, secretary of the Missouri Library Commission at Jefferson City, and Miss Florence Whittier of the library of the University.

M. U. MAN SENATOR FROM NEW MEXICO

T. B. Catron, Class of 1860,
Named by Republican
Legislature.

HAS COLUMBIA RELATIVES

Leader of State Bar and Owns
Largest Private Library in
Southwest.

Thomas Benton Catron, who was graduated from the University of Missouri in the class of 1860, has been elected by the Republican Legislature of New Mexico the first United States Senator from that state.

Mr. Catron was born in Lafayette County, Missouri. He went to New Mexico in 1866, first settling in Santa Fe. He shortly afterward went to Dona Ana County where he was admitted to the bar. He was appointed by the governor district attorney for the Third Judicial District and in the fall of 1868 he returned to Santa Fe as member of the legislature from Dona Ana County. While in the legislature he was appointed attorney general of the territory and held that office for three and a half years. President Grant appointed him United States attorney for New Mexico, and, after holding that office for six and a half years, he resigned.

Mr. Catron has been in the active practice of his profession all over New Mexico. He has served several terms as member of the legislative council and served one term as territorial delegate to the Fifty-fourth Congress.

The new senator has the largest private library in the Southwest. His home in Santa Fe is packed with books and his law offices on the plaza contain a collection of law books dealing with Spanish and pioneer American questions which is not equalled anywhere else. He is regarded as the leader of New Mexico's bar and the new state's most eminent citizen.

Mr. Catron has relatives in Columbia, Lexington and elsewhere in Missouri. He visited the University ten years ago and has always shown special interest in the institution's progress. He was given the degree of A. M. in 1868. Dean Walter Williams and his party were Mr. Catron's guests when they visited Santa Fe on their Old Trail journey last summer.

MORNING SERVICES FOR GIRLS

Y. W. C. A. to Study Life of Christ During Passion Week.

The Y. W. C. A. of the University will hold a series of morning prayer services during Passion Week. The first will be a Palm Sunday service in union with the Y. M. C. A. at 8 o'clock next Sunday morning at the Y. M. C. A. Building. L. R. Kilam will lead.

At 7:40 o'clock Monday, Tuesday, Wednesday and Thursday mornings meetings will be held in room 27, Academic Hall. These will be led by the girls and the subjects each day will take up the life of Christ corresponding to that day of the week.

There will be no meeting next week. The talk to have been given by Dr. W. W. Charters has been postponed until May 2.

FAMILY DROWNS ON SIDEWALK

Earthworms Found Their Refuge Was Bottom of a Lake.

Drowned, on a Columbia sidewalk for want of life preservers—this was the fate of an earthworm family. They were a happy family of eleven, all coiled and twisted around each other down in the ground, until the spring rains came. Their home was flooded and they had to move. They sought refuge on what they believed was a sidewalk, but to them it proved to be only the cement bottom of a large lake.

STATE COWS ARE VICTIMS

Animals at Fulton Are Suffering with Tuberculosis.

Dr. W. P. Cutler has received a letter from Dr. Samuel Sheldon, state veterinarian, telling of eight cows at the Missouri School for the Deaf at Fulton having tuberculosis. Six others, it is thought, have the disease.

Doctor Cutler has notified the school that this milk must not be used.
